Prayer for Psoriasis

Why do we get sick?

Moving out of God's perfection, His boundaries, His circle, not listening to His Holy voice and instruction you are not protected against thoughts, and other spirits whose task is to get you out of your resting place.

I want you to remember "Earth is a place of restoration for the SOUL, The body/flesh is the resistance to restoration". It will do everything to keep you to connect spiritually with your maker.

Famine within your wealth, famine within your health, is a call from God to repent, it is time to turn 180 degrees around, look the other way, change your lifestyle, change your fleshly habits, walk away from the past, turn into the future. Leave the fear for the unknown of your future behind, trust in your God, your maker, within Him is peace, this you will soon learn is the place to be, this is the place of rest. Within the place of rest, you will find healing, healing from sicknesses, where famine is changed towards abundance and victory.

We allow the flesh to dictate to us through the following channels,

- **YOUR THOUGHTS**

through your senses, what you see, taste, smell, feel, hear,
through your memories, things that are already stored, the past, the moment, the future

Examples

You see trouble coming, or assuming (think) trouble is coming, suddenly you get anxious, this comes from seeing trouble that is not there, the impact it has in the body triggers a series of chemicals that the brain release to the organs, the immune system can get damaged due to long term fear and anxiety, starting to overprotect the body or under protecting the body causing the autoimmune system to malfunction.

When the autoimmune system malfunctions, it starts working against the body, sending the body on a suicide mission.

Fear is a spirit, causing the spirit of anxiety and stress to put the body into a panic mode.

When you are within the REST of GOD, you will understand God's plan for your life are already been laid out, you will live His perfect life for Him on earth and not your life, fear and anxiety can't take control within the resting place, God is not fear, therefore you can't fear within Him.

- ***INHERED DISEASES FROM YOUR FAMILY TREE,***

Through genetic inheritance from your parents and grandparents. This is all coming through bloodlines, all spirits from your mom or dad will be part of your body when conceived, the same happened on your mum's side when your mum's parents conceived her and the same on your dad's side, the same running back to grandparents on both sides.

When these diseases and curses are broken over you and the umbilical cords are cut, you can get released from the sickness of which you were under attack and couldn't get rid of it. Where it has been said incurable.

- ***SPIRITS,***

Spirits can only enter the body through your **Theta brain** waves, this is the only method that if you are not under protection, or on guard, giving them permission to come in.

Ignoring that ghosts and spirits exist just because we can't see them with the human eye, is a bit naive even if you're a scientist.

These spirits can let the immune system turns against your body's normal function and becomes your worst nightmare with diseases.

Example

When demonic spirits put thoughts of fear and anxiety in your mind and train you to believe that, believing this is the way it should be you are heading for a disaster, they can cause incurable diseases including heart failure, angina, allergies, asthma, high blood pressure, etc.

The same evil spirits come up with more than one plan to attack you in your mind through your **Theta brainwaves**, you are not happy with the way you look, or the way you talk, or the way people look at you, suddenly you start hating yourself, hating the place where you are working because no one loves you, then you start to think I'm worthless.

Demonic spirits will try their best to get your self-esteem as low as possible, when you reach this point of self-hatred, shame, and guilt, it can cause depression, autoimmune diseases, addictions like alcoholism, smoking and weight gain due to excessive overeating to name a few examples.

Demonic spirits know that if you gave him excess to your thoughts, through the mind-body connection, he can control your body chemistry and put diseases in you through your thoughts into your body.

Once those thoughts are planted, he stands and watches how your body destruct itself.

A human is easy to listen to spiritual thoughts planted within the body than instruction and authority from people.

Example

If I tell you to jump off a high cliff, will you do that, know you won't. If I told you to hate yourself because you are fat, or look at your friend's spouse, will you do that NO!

Why then once the seeds of the invisible voices planted within your thoughts you act accordingly, but ignoring the truth?

The Word of God says "For we wrestle not against flesh and blood, but against principalities. Against powers, against the rulers of the darkness of this age, against spiritual hosts of the wickedness in the heavenly places" {Eph 6:12}

We do not believe a word that the word of God is telling us and we do not follow His commandments.

The lust of the flesh takes you on a ride so far away from the Holiness that you think you are still at the place where you should be.

"Walk within the Spirit and you shall not fulfill the lust of the flesh" {Gal 5:16}

How do I know that I'm not walking within the Spirit?

The works of the flesh are evident: {Galatians 5:19-21} (KJV)

"Now the works of the flesh are manifest, which are these; Adultery, fornication, uncleanness, lasciviousness, Idolatry, witchcraft, hatred,

variance, emulations, wrath, strife, seditions, heresies, Envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also told you in time past, that they which do such things shall not inherit the kingdom of God”.

But

The spirit will bring forth the Fruit of the Spirit; { Galatians 5:22-23} (NIV)
“But the fruit of the Spirit is love, joy, peace, forbearance, kindness, goodness, faithfulness, gentleness, and self-control. Against such things, there is no law”.

Please find out the truth within yourself are you walking in the flesh or in the Spirit?

I will introduce you to the most important brainwaves that enables you to understand and process thought;

Alpha - brain waves integrate information and thoughts from the external and internal world within you so that you can understand.

Beta - Beta brain waves allow you to comprehend and understand the external world through your five physical senses. All that you experience through what you see, hear, touch, taste and feel programs your soul through beta brain wave activity. It is the connection between the soul and the body (external world).

Delta - The delta brain waves allow you to go into a sleep state.

Theta - a connection between the soul and the spirit (internal world). Theta brain wave activity allows thought to move from the spirit world into your mind. This is the only entrance of spirits to your thoughts.

When you find all things wrong in your life, when you have left the resting place off God you will find the lust of the flesh active in your life and the fruits of spirit can't be seen within your life you have to come to the point to repent.

Restore to default is to repent and come back within God's perfection, His boundaries.

If you do have an autoimmune disease, please contact us for the specific prayer for the disease you have.

This specific prayer is for **PSORIASIS**.

The other prayers for autoimmune diseases are similar but when praying you **MUST** address that specific disease.

Praying the following prayer will release your body, your mind, and thoughts from the bondage that darkness holds over your body, where your body's immune system is destroying itself.

This is a different type of suicide, where the good guys become the evil ones destroying the body in either, overprotection, (never stop to protect after the body are already healed) or under-protected in saying there is nothing to protect.

The prayer is constructed in different categories:

- **CALMNESS**
- **PREVIOUS GENERATION /FAMILY TREE forgiveness and binding of Genetically Inherited Diseases carried over to you as a person**
- **MYSELF, Forgiveness and binding of Sicknesess present within your body**
- **CORRECTION / RESTORATION, Restoration within oneness with God**

When start reading or listening to the prayer, find a place where you can be **STILL**, no disturbance for the entire prayer duration.

CALMNESS

This is to bring you to a pace of peace

Father in Heaven, I am now relaxed within your Holy Power, I let go of my existing thoughts, I let go of my thought power that tries to control my thoughts while I am relaxing within You. I let go of me myself and I.

My body is relaxed, my mind is relaxed.

All my organs within my body, my heart, kidneys, liver, pancreas, lungs are relaxed.

My conscious mind is cleared from all toxic thoughts, I think of God, the creator, as my Father, my thoughts are now connecting with God's ENERGY.

There is no doubt in my thoughts and mind that God will restore me during this healing session, through the Holy Spirit, in the name of Jesus Christ in His perfect image and His likeness.

There is no doubt within my mind that God has chosen me within Jesus Christ before the foundation of the earth to be His child.

I believe in you, I trust in you, I believe that Jesus died on the cross for the salvation of mankind's sins and I believe that He rose again and now sits at the right hand of the Father in heaven. And that by the Blood of Jesus, As I confess this with my mouth and believe it in my heart, I know that I am saved.

Thank you, Jesus, for giving your life, dying on a cross, enabling me to live.

Thank you for rising from the grave, ascending into heaven.

Thank you, Jesus, for asking our Father, Jehovah God....

"Father sends the Holy Spirit to this child of yours",

Thank you that the Holy Spirit is already within me, waiting to be activated.
