

The Prayer for Diabetes

The Prayer for Diabetes

Holy Father, YHWH, you know me from the beginning of time.

You are my creator.

You structured my life for me, carefully, with the greatest love you planned my life, a life to be lived within Your creation, according to Your Holy Business, Your Holy Kingdom, an image You had in mind for me to flow within Your picture, weaved into perfections with all Your Holy Children, according to Your Holy likeness, but then came free will, free will stopped, paused my life, my play, my role within Your Holy creation as a son of You. My free will derailed me, it took me into captivity. The time has come now that I'm set free from the bondage of diabetes in Jesus Christ Name!

Forgiveness Previous Generations

Holy Father

- Forgive my previous generation for the power of hatred between men and women in my family tree.
- Forgive my previous generation in blocking love and not received love and not transferring this love over to me.
- Forgive my previous generation's for their faults and disobedience in not listening to your Holy Voice, not allowing you to become part of their lives, forgive them for the hate that they had for You, forgive them that they ignored your knowledge, forgive them their debts and trespasses.
- Forgive me that I believed in their doctrines and religions and living there lies.
- Forgive my previous generations, especially the fathers of the family tree, for separating themselves from You, separating themselves from YOUR LOVE, not giving the children LOVE, not reflecting a father's heart to me, not looking after the family's spiritual welfare, rejecting and neglecting their families.
- Forgive them for being disobedient to Your commandments.

Holy Father, I bind within my body all demons and spirits of darkness that did flow in through the umbilical cord, connecting me with my previous generation, casting these demons and spirits of darkness out into the pit of hell from where they can never return In Jesus Christ Almighty Name.

Forgiveness Personal

Holy Father

I acknowledge that I allowed this sickness within my body due to the lack of knowledge, knowledge of who YOU are, the knowledge that Jesus healed us with the fullness of HIS Love, not believing in you or Jesus, Rejecting You as my Father! Please forgive me! Although I confess with my mouth that you are my father I did never listen to Your Holy voice, Please forgive me Father in Jesus Christ Name!

Holy Father

- Forgive me my disobedience not doing Your will, following my own will, not listening to Your voice in the heavens as well as on this earth.
- Forgive me for blaming others for the pain I'm carrying, allowing the pain and hurt to attack my body, allowing it to separate myself from You as my Father in Heaven.
- Forgive me, taking over Your task, trying to carry this pain and burdens, instead of leaving it with You to sort it out, not trusting You to deal with it.
- Forgive me that I allowed self-rejection, rejection and a rejected feeling towards You as my heavenly Father for not being there for me, causing a sickness within my thoughts, thoughts that allowed a deep inner hatred, stored deep into my memory bank, a deep inner fear, anxiety, stress that one day someone will find this hurt and pain, living a lie that causes an unbalanced auto-immune system, causing my pancreas to malfunction.
- Forgive me for using this diabetic sickness as a front for my inner pain enabling no one to see my pain, screaming to the world LOVE ME please, I'm desperate for LOVE. I'm desperate to receive forgiveness from God and forgiveness for myself.
- Forgive me, allowing this inner pain to steal away my identity within Christ, the peace of God the rest within God, showing the world my pain through diabetes, where, without saying it, I want people to feel sorry for me, sorry that I carry this heavy burden, not releasing it over to You, where I wanted love so badly but this mental blockage avoid love to come close to me, chasing away You as His creator's Peace, Joy, Love happiness, longsuffering, kindness, faithfulness, gentleness, and self-control.
- Forgive me, my disobedience in not obeying Your voice, disobeying Your rules of the Spiritual Kingdom, the curse and the effect that it has caused in my body, ignoring Your Holy commandments.
- Forgive me that I doubted You and Your Holy Power for healing.
- Forgive me that I attack myself spiritually through my wrong thoughts of insecurity, deadly emotions of low self-esteem, self-hatred, self-condemnation, bitterness, self-disapproval, guilt, shame, anger, un-forgiveness, worries about tomorrow, jealous spirit, guilt, shame, resentment, this unwanted feeling, nobody loves me, rejection in all forms.
- Forgive me allowing the fear of failure that has driven me to perform, trying to prove my identity and sense of self-worth in achievements due to the rejections, becoming my enemy, not allowing any weaknesses, driven by the evil spirit into performance and perfectionism.
- Forgive me for worrying about tomorrow, worrying about the future, not trusting in you, allowing stress to dictate my life.
- Forgive me that I allow these accusing spirits within my thoughts, listening and agreeing to their lies, living their lives, living their mind-set.
- Forgive me that I agreed to obey these evil and wrong thoughts, these thoughts that teaches me that I'm not unworthy, that I'm no good, that I can't be loved, allowing people to abuse me because of this rejection and the hate for myself and my low self-esteem.
- Forgive me that I allowed these spirits to photo print images of my thoughts from my conscious mind over to my subconscious mind, allowing it to manifest into my life.
- Forgive me that I even meditated on these evil thoughts, accepting it as my thoughts, allowing these controlling spirits of evil to control me and my body,
- Forgive me that I have not taken any action as per Your written word before these sicknesses were activated within me due to a lack of knowledge.

- Forgive me that I did not believe in you to perform miracles within any realm of your creation, especially miracles in healing all sicknesses within my body including healing my spirit and his soul, clenching to this parasite, diabetes.
- Forgive me for murdering myself with my thoughts, destroying myself because of FEAR, anxiety, stress.
- Forgive me for running away from You instead of welcome You within my life.
- Forgive me that I don't feel loved, that I don't know how to receive love, open my mind, soul and body to receive Love and peace.
- Forgive me that I lived within this lie, the lie that this sickness is from God as punishment.
